

Inspection Camera with Telescoping Pole PCE-IVE 300

PCE-IVE 300 Inspection Camera

For quick analysis of parts and structures / 1 m (3.3 ft) telescopic pole / Movable gooseneck head

PCE-IVE 300 is a borescope inspection camera that comes with a rigid telescoping pole that extends up to 1 m / 3.3 ft in length. Ideal for inspecting gutters, chimneys and structures as well for inspecting parts and under vehicles, the borescope camera captures both picture and video and saves the files to an SD card memory (included).

The waterproof and dust proof IP68-rated cable makes the borescope perfectly suited for everyday work in harsh conditions at construction sites and more.

- ▶ Telescopic pole extends up to 1 m / 3.3 ft
- ▶ Gooseneck camera head diameter of 28 mm / 1.11 in
- ▶ Waterproof and dust proof IP68 ingress protection rating = No ingress of dust; complete protection against contact (dust tight) and waterproof; meaning the cable can be underwater for 30 minutes at depths of up to 1.5 m / 4.9 ft

Specifications

Cable length	1 m / 3.3 ft
Cable type	Rigid telescopic pole
Camera head diameter	Ø 28 mm / 1.11 in
Depth of field	10 mm / 0.4 in ... ∞
Field of view / viewing angle	150.8°
Ingress protection rating	IP68
Illumination	Automatic
White balance	Fixed
Image sensor	CMOS
Camera resolution / image sensor	640 x 480
Image frequency	30 / s
Display	3.5" TFT
Interface	Mini USB 1.1 and AV out
Capture	Picture and video
Memory	SD card (incl.)
Compression format	MPEG4
Image format	JPEG (640 x 480)
Video output format	NTSC & PAL
Video format	ASF (320 x 240)
Menu navigation	Multilingual
Operating and storage temperature	0 ... 60°C / 32 ... 140°F
Power supply	Rechargeable 3.7V Li-Ion battery
Dimensions	207 x 118 (79) x 37 mm / 8.15 x 4.65 (3.11) x 1.46 in
Weight	Approx. 450 g (1 lb)
