

Features

Ultrasonic thickness gauge AR930

Features:

- * Backlight display ;
- * Low battery indication;
- * Zero correction;
- * Single continuous measurement;
- * Measure in imperial metric;
- * LCD backlight;

Specifications:

Measuring	0~1880μm
Measuring principle	Film
Accuracy	± (3% H +1μm)
Resolution	0.1μm(<100μm),0.1μm(>100μm),
Backlight display	√
Low battery indication	√
Zero correction	√
Single continuous measurement	√
Difference test	15groups
Measure in imperial metric	√
LCD backlight	√
Operation condition	0~40°Cnot magnetic measurement
Power	9V Battery
