

DoHR150A Manual Digital Rockwell Hardness Tester

DoHR150A

Features

- Easy to learn, reliable, economical, durable, high efficiency.
- Digital direct reading, human error is minimized.
- Multiple scales configuration is optional.
- A variety of unique automatic functions make the operation more convenient and accurate.
- Manual testing process, without electrical control.
- Data processing functions (Statistical, Conversion, Storage, Printing and Uploads)
- Conforms to GB/T230, ISO 6508 and ASTM E18 and other mainstream standard test.

Specifications

Test Force	Preliminary	98.07N (10Kgf)
	Total	588.4N, 980.7N, 1471N (60, 100, 150Kgf)
Indenter	Diamond cone indenter, Ball indenter 1.5875mm	
Indicator	EHM150B Digital Rockwell Indicator	
Standards	GB/T 230, ASTM E18, ISO 6508	
Resolution	0.1 HR	
Scales	HRA, HRB, HRC, HRD, HRF, HRG, HRE, HRK, HRH	
Height of test piece(Max.)	170 mm	
Depth of Throat	135 mm	
Memory	1000 readings	
Print & Upload	Optional wireless printers, PC software free download	
Dimensions	466 x 238 x 630mm	
Net Weight	~ 65 kg	

Accessories

Main Unit
Test Block, Indenter, Anvil
Charger,

Package

1

Optional

Mini Printer EPX58P
Ball Indenter: $\Phi 3.175$, $\Phi 6$
